- * We suffered big losses, and had several unhappy clients due to the delegate freight requirements of our 100g hollow Leonardo. This is a matter that can only be solved at a price. We therefore decided to courier these only to clients in and around the Western Cape. If you are outside the borders of the Western Cape and wish to receive the 100g hollow Leo's, please talk to us about the implications We will try our best to accommodate you.
- No order will be processed without proof of PMT.
- With special arrangement, numbers other than those in the order form can be arranged
- Delivery costs will be calculated, and communicated with each order. Volumes and destination affects the price.
- Kindly use the order number we supplied as reference with the pmt, as soon as the final amount is communicated
- All our expenses have increased since last year – Electricity, Fuel as well as the costs of raw chocolate materials. We apologise in advance for the slight rise in the price of Leonardo.

THANK YOU SO MUCH FOR YOU SUPPORT!!
